

Arm-Mounted Mouse Tray (EQ-AMMT-2)

SKU#: EQ-AMMT-2
MSRP: \$59.95 US

[Download Product Sheet](#)

- Attaches to recliner arm
- Mouse pad included
- Adjustable tray angle

Arm-Mounted Mouse (EQ-AMMT-2) adjusts in 5 degree increments to the wrist's "Natural At Rest Angle", (Approx. 20° to 30° off palm down and 10° down angle). It can be tilted down, angled right or left, and shifted to the right or left to achieve the exact position that is most comfortable to you. It attaches with Velcro straps to the arm of any zero-gravity recliner. The universal mount system will not damage the chair or arm. The edges of the SMMT-2 prevent the mouse from sliding off the platform, and yet is low enough to not restrict movement. Black ABS finish.
