- Low clearance option
- Use with "H"-base
- 2.75" clearance

ErgoQuest™ Low-Rise Caster Kit (EQ-LRCK-1) works with the Model 200 "H"-shaped base to provide a low clearance alternative to the standard 5.25" clearance requirement. Accommodates low clearance conditions often found with electric hospital beds. Reduces total clearance of "H"-shaped base to 2.75". Black finish.
