- Manual recline
- Leather color options
- Leg extension option

The PC-097 is a wood frame zero-gravity recliner with patented IH TouchSONIC®. Unlike somewhat similar chairs, which merely vibrate to the beat of music, TouchSONIC® is a total motion/sound immersion concept. Users can connect TouchSONIC® to nearly any sound source* and instantly enjoy a whole new world of tactile (motion) audio experience. The PC-097 has motorized recline.
