- +/- 30 deg. kbrd. tilt

The ErgoQuest Model 250 Sit/Stand/Recline Workstation (EQ-SSRW-250) is like the Model 200 except it has a model 300 "C" shaped base. It has a single leg on one side, using a cantilever to support the monitor and tabletop. The Model 250 can support up to 30 pound CRT monitors anywhere on its surface, and will securely position a flat-panel monitor at angles to 55 degrees, using an optional adjustable monitor arm. The motorized table legs raise and lower the tabletop from 27"-55". Works equally well over a bed or recliner. Tabletop measures 24"x52". Black powder-coated frame with black laminate tabletop.
