Model ZGR 200LM Zero-Gravity Recliner ZGR (EQ-ZGR-200LM) is a wood frame zero-gravity recliner manufactured by BackSaver, Inc. with articulating headrest for maximum comfort while working at the computer. The Retracting legrest allows for easy entry and exit, and allows for a more fully upright position. Available in multiple wood and leather finishes. The 200LM features motorized recline. A motorized recline option (ZGR-200LM) is available.
